Don't Guess. Measure!
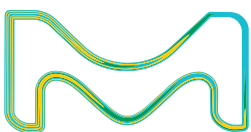

MQuant® StripScan

Accurate chemical analysis with the digital precision of your smartphone-based test strip reader

Make your rapid testing easier and more accurate for in-process control in food and beverage production, disinfection control and environmental testing. MQuant® test strips and the MQuant® StripScan app provide all the reliability and consistency that you expect from a premium rapid test, with added digital data management options:

- Fast and precise test strip readout using your smartphone or tablet

- Automatic data acquisition and documentation, traceability, and collaboration options

- **NEW** with 10+ compatible test strip parameters such as ammonium, ascorbic acid, nitrate, nitrite, peracetic acid, peroxide, pH, sulfate, sulfite, total hardness, with more to come

- **NEW** MQuant® Card: Universal color reference now provided with all compatible test strips

- **FREE** MQuant® StripScan app available on Android and Apple app stores

Get more from your test strips: versatility, with digital precision!

Download your **FREE APP NOW**!
